Here is full list of chapters: SponsorsIT monthly reviewWEB ApplicationsNew SitesOperating SystemsPopular ApplicationsLast viruses and antivirusesMobile technologyProgrammers PageGame WorldIT vacanciesIT eventsIT businessIT companies (NEW)
Hacker spacePartners

We are looking forward for co-operation. So if someone has interesting article or information he can freely send it to us, it will be reviewed by our publishers and will be added in next release with author name of course.

Also we can put information about vacancies and events of IT companies in our journal, so feel free to contact with us for further details.

To get this monthly journal you have to register at <http://www.inchkachka.org> and it will be send to your e-mail address. Journal is in English and in PDF format.

Created by Arman Atoyán, German Zargaryan and Lilit Avagyan, the IT Journal began in January 2008 as a collaborative effort to provide a forum for sharing training and vacancies information in IT sphere of Armenia.

We will be very grateful if you send us mails according remarks and wishes about journal.

Sincerely "Inch ka chka ?" IT journal Team.
